

Please leave the Telephone Privacy Act alone! It is SO good not to get annoying calls from people wanting to give me credit, take a donation, or sell me something! The calls have all but STOPPED!!!

I used to get (per the caller ID) about 12-15 telemarket calls a day. Now it is 0. PLEASE do not change this law!!! Please don't let the Business' sway a good thing in their favor! If I wanted to get these kinds of calls I would not have signed up for the NO-CALL List.

Thank you for your time.
